GROWN BY STUDENTS FOR STUDENTS

UNM lobo gardens partnership brings fresh, organic produce to students on campus.

WHAT IS LOBO GARDENS?

The objective of Lobo Gardens is to provide the University of New Mexico students, faculty, and staff with opportunities to educate themselves and their communities about the practices and health benefits of growing one's food in sustainable ways.

Educational Mission:

- Lobo Gardens will provide unique service-learning, research, and educational opportunities to UNM students and the community at large .
- Lobo Gardens will partner with different departments and programs to offer classes, workshops, activities, and events.
- This will allow the UNM community to share the rewards and responsibilities of the Garden over time.

OUTDOOR CLASSROOM

The UNM Lobo Gardens is an outdoor, experiential classroom. The Gardens give UNM students a chance to do community service for the development of public health and environmental sustainability.
